PROFESSIONAL QUALIFICATIONS

Robert Crear has a wealth of knowledge in construction from his more than 30 years of experience. G23 is proud to have Bob on the team. He guides the organization through on time performance and continually keeps his fingers on the pulse of the project.

Throughout Bob's construction career he has had the opportunity to construct an array of product types including, land development infrastructure, multi story office, flex athletic, institutional, industrial, and corporate interiors to only name a few.

Bob hit the ground running when he joined G23. His first two assignments were the 60,000 square foot Flint Creek Office Building located in Lake Barrington. While completing Flint Creek Bob was charged with the supervision of one of G23's most exciting developments; NorthPointe. NorthPointe is a 30 acre development including Lake Barrington Field House, a 175,000 square foot flex athletic facility and NorthPointe IV a 72,000 square foot building that is the home of the Professional Baseball Instruction of Illinois.

His portfolio of projects also includes work for such recognizable clients as ABN AMRO, Northern Trust, Archdiocese of Chicago and A. T Kearney, As Vice President, Bob is responsible for the overall execution of all G23 projects. This includes leading the project team concept through design and completion. His diverse experience has proven essential to the establishment of efficient estimating, contract negotiation, bidding, budgeting, and scheduling systems.
