PROFESSIONAL QUALIFICATIONS

Robert (Bob) Crear has obtained a wealth of knowledge in construction from his more than 20 years of experience. G23 is proud and pleased to have Bob on the team. He provides the organization with on time performance in the field and continually keeps his fingers on the pulse of the project.

Throughout Bob's construction career he has had the opportunity to construct a number of product types. Which include, schools, law firms, senior housing developments to only name a few. By way of example Bob talents have been used to build the AT&T building in Chicago, Cove School Addition, Winngate Condominiums in Winnetka, WCIU TV 26 studios and the Theological Center and the University of Saint Mary.

Bob hit the ground running when he joined G23. His first two assignments are the 60,000 square foot Flint Creek Office Building located in Lake Barrington. Along with Flint Creek Bob has been charged with the supervision of one of G23's most exciting developments; NorthPointe. NorthPointe is a 30 acre development with construction underway on the Lake Barrington Field House a 175,000 square foot building and NorthPointe IV a 72,000 square foot building that is the home of the Professional Baseball Instruction of Illinois.

As Project Superintendent his duties include the management of each project to include, budgets and timelines. Also, Bob is charged with the coordination of all sub-contractors and the coordination of all work associated with each project.
